Date. 03-12-2025

REPORT ON IMPLEMENTATION OF EXAMINATION REFORMS

As per guidelines of AICTE, Director of Technical Education, Karnataka, Board of Technical Examination, Karnataka. Outcome based education policy 2015. We are using Bloom's taxonomy for lecturing and for preparing continuous internal evaluation question papers.

As per 2020 curriculum we are implementing and following the four levels (Remembrance, Understanding, Applying and Analyzing) in Course outcomes and following lecturing, tutorial, Practice for Conducting continuous internal evaluation in Written tests and Skill Tests by preparing question papers as per problem solving, critical thinking, creative thinking, reasoning and Mental Skill.

As per C25 curriculum we are implementing integrated pedagogy system where theory and practical's will be taught simultaneously in the classroom. This will enable students to learn effectively and 13 week structured internship or taking up a capstone project with industry, in the sixth semester has been made mandatory.

We are implementing curriculum which include workplace skills, relevant core disciplinary concepts, and specialization pathways and includes Foundation Studies in the first year, Core Discipline Studies in the second, and Career Pathways Employment and Entrepreneurship and internship/Capstone project, in the third year. By the time students finish their three year diploma, they will have acquired skills in foundational subjects aligned to National Skills Qualification Framework..
