REPORT ON

“STUDENT COUNSELOR COMMITTEE”

A Student Counselor Committee (SCC) is a group or body within an educational institution that focuses on providing guidance, support, and counseling services to students. The primary goal of an SCC is to address students' academic, personal, and emotional needs, ensuring their well-being and success throughout their educational journey. Here are some key functions and activities typically associated with a Student Counselor Committee:

1. **Academic Advising:** SCC members offer academic guidance, helping students with course selection, study strategies, and time management to improve their academic performance.
2. **Personal Counseling:** The committee provides a safe and confidential space for students to discuss personal issues, emotional challenges, and stress management. They may offer one-on-one counseling sessions to help students navigate their personal lives.
3. **Career Counseling:** SCCs assist students in career planning and decision-making, offering guidance on choosing the right career paths, exploring job opportunities, and preparing for interviews.
4. **Mental Health Support:** They promote mental well-being and provide resources for students dealing with mental health issues. They may organize workshops on stress management, anxiety, and other mental health topics.etc.

Meeting was held on 09-07-2025 at seminar Hall of K.V.T Polytechnic with Minutes of Meeting to provide assistance to students having personal, social, and academaic problems.
